

Rental Car Inventory Worksheet Instructions

The following are general instructions to assist you in completing the Rental Car Inventory Worksheet which is to be filed with the *Commercial Business Property Return* (STC 12:32C).

West Virginia Code 11-6C-1 et seq. and established a special method of appraising inventory of rental car companies. This provides that the market value of rental care inventory shall be the gross value of all daily passenger car inventory made available by a daily passenger rental care business on the first day of each month of the immediately preceding calendar year: Provided, that the car rental business shall add together the gross values and divide that sum by 12. Gross Value is defined to mean the lowest value for each vehicle as shown in a nationally accepted used car guide determined by the Tax Commissioner. For Tax Year 2023, the used car guide developed by the National Auto Dealer's Association (N.A.D.A) will be used. To calculate the gross value of any vehicle which does not appear in the N.A.D.A. publications, the Tax Commissioner shall determine a percentage to apply to the manufacture's suggest retail price (M.S.R.P). For Tax Year 2023 that percentage will be 85%.

Note: You do not have to complete Schedule B of the *Commercial Business Property Return* (STC 12:32C) if you complete this worksheet. However, any vehicles owned by a rental car company which are not a part of daily passenger car inventory (employee vehicle, etc) should be reported on Schedule H.

1. List the total gross value of rental car inventory as of the first day of each month of the previous year.
2. Add the monthly gross value totals.
3. If you were in business the entire 2021 calendar year, divide the total by 12, if not divide by the number of months you were in business during 2021 (be sure this corresponds to the number of months for which you have provided gross value amounts.)
4. This is the total vehicle inventory amount subject to valuation under West Virginia Code 11-6C-1.
5. List any other inventory subject to valuation and in our possession as of the July 1, 2022 assessment date..
6. Add the vehicle inventory total and the other inventory total.

Should you have additional questions, please contact your local assessor.
